

Digital Image Collections: Williams VR Collection

Williams College, Art Department, Visual Resources Center, Lawrence Hall
Drop-in Support and Training, 8:30am-4:30pm, Monday-Friday
(413) 597-2015, <http://www.williams.edu/art/vrc/>

Creating Flashcard Quizzes

1. While browsing the Williams VR Collection in the thumbnail view, select images that you would like to add to your quiz by checking the box to the left of the image title. You can select multiple images on the same page; however, you can only select images from one page at a time.* Select the “add to favorites” link in the menu bar, second from the top.
2. Repeat this procedure for each page and any additional images that you would like to include.
3. Select the “my favorites” link in the top menu bar. Check to see that all of your images have been added. To remove images, see the left sidebar, select item numbers and click the “remove” button.
4. Scroll down to the bottom of the left sidebar to “Save As Flashcard Quiz.” Type in the quiz name and click the “create” button.
5. Click on the “Preview” link to take the quiz or the top box displays the URL for your quiz. You can copy and paste this link for future reference or course websites. Be sure to copy the entire link as it is usually very long.

*You can change the number of images shown per page, by selecting the “preferences” link in the top menu bar. Under “Results per page,” select up to 100 images per page in the drop-down menu. Click on “apply changes” and start a new search.

(Created 5/2008; Revised 6/2008)
